International trade of agricultural commodities has a key role to play in meeting the needs of today, without compromising future generations' ability to meet their needs.

The Sustainability Pledge is an all-inclusive, accessible platform which encourages and supports Gafta members to contribute towards a sustainable future.

Members who sign up to the Sustainability Pledge are making a strong commitment which they can promote to their customers and peers through the Sustainability Pledge logo.

You will need to provide:

- evidence of participation of two schemes, for example your certificate of conformance. You can find a list of acceptable schemes in the Information Hub on the Gafta website.
- A short statement why the two chosen schemes contribute to sustainability and how they are helping your business be more sustainable.
- A copy of, or link to, your publicly available Corporate Social Responsibility (CSR) Report or equivalent.
- An annual progress statement against your Environmental, Social and Governance (ESG) objectives.

For all queries, and to submit your accompanying evidence, please email SustainabilityPledge@gafta.com
